	Poland	0.7	0.7
	Others	0.4	0.6
Middle East & Africa (8.4%)	Egypt	2.4	3.7
	Saudi Arabia	0.7	0.8
	Arab Emirates	2.1	3.1
	South Africa	0.4	0.8
Australia (7.4%)		4.0	7.4
America (0.5%)	US, Brazil	0.2	0.5
TOTAL		100	100

## Growth Opportunity

- Ring Peel Liners have advantages making a good replacement for existing liners in the Cosmetics and F&B market sectors
- In F&B market, RPL can pass N-heptane test which is the fatal weakness in existing Nutella wax-bonded liner
- In cosmetics market, it could be applicable with double side adhesive RPL and gives its opening convenience on flip-up cap
- Eco-friendly feature by clean peel performance of RPL has a good market acceptance
